MAYOR GRANT HEARS THE CLUB'S TALE OF WRONG AT THE BALL.

A committee of the German Liederkranz consisting of ex-Dock Commissioner Koch, Excise Commissioner Von Glahn, William Vigelius, Paul Goepel and R. Minrath, called upon Mayor Grant this morning and presented charges against the police for their invasion of the Metropolitan Opera-House on the occasion of the Society's masquerade ball Feb. 7.

Ex-Judge Koch was spokesman, and said that the police force is a body created for the protection of persons and property, but if it was allowed to act as it did on the occasion of the Liederkraz ball it would become nothing more than a machine of oppression.

The Committee appointed to investigate the conduct of the police at the ball had, he said,

reported that the following charges, which he handed to the Mayor, were fully sustained :

he handed to the Mayor, were fully sustained:

That a police force of an unnecessarily large
number, amounting to about seventy men, were
detailed to the ball, and interfered in an insolent and threatening manner with the comfort
of the participants by taking possession, unnecessarily armed with night sticks after i
o'clock, of the haliways and dining-rooms, and
in some instances annoyed the occupants of private boxes in the Opera-figure.

That about 1 o'clock the police force, without
cause or warrant, in an offensive manner
cleared the lower dining-rooms of said OperaHouse of all the members of said Society and
their guests, not even permitting them to linish
their suppers: that the police unjustly discriminated against the German Lisderkranz by improper interference with that which was permitted at similar entertainments held at the
Matropolitan Opera-House during the present
season, before as well as after the Liederkrans
ball.

In view of the foregoing the Committee subball.

In view of the foregoing the Committee submits that the conduct of the police authorities
on that occasion was improper, imperiment and
arbitrary, and in the interest of public policy
requests that the gullty parties be neld to account, to the end that a future respectition of
such invasions may be prevented.

Mayor Grant promised that the charges
should be thoroughly investigated.

World reporter in the Harlem Court this morning, is as follows : "I first became acquainted with Mr. Burgess last December, while selling tackets

such occasions?" was next asked.

"I liked him, for he was always kind to me, and at Auntie Caroline's it was not very pleasant."

"Was that the reason you decided to run away?" asked the reporter.

"One of the reasons," she answered, "Then I wanted a flat too, and nice furniture, and nice clothes, and Mr. Burgess promised me all that."

Last Mouday she saw him at the coal-yard and he called her "dear" and said he had a flat rented, and wanted her to be ready to go to it Thursday evening.

"Did he send the negro for you?"

"No."

"Who did?"

" Who did?" "There was no negro. I went outside and ang the door-bell myselt. Then when Miss Lemel came up from the basement I banged the door shut quick, and told her a lie about a negro having cal ed to tell me that Auntie Caroline was hurt. Poor Miss Lemel be-lieved it, and I got out."

Soon after his friends left him and he rode downtown with her. They got off at Twenty-third street and he sent her in to the St. Omer Hotel alone.

Grace says that he shared her room with her, but only for a few hours, going away long before daylight. When leaving her he gave her \$2, telling her to be patient until Saturday, when he would buy her some long dresses, and take her to the flat.

When going away he left his name and address on a card, telling the clerk to notify him in case of any trouble with the girl.

The Society for the Prevention of Cruelty to Children cared for the girl last night, while Burgess was locked up. His wife had a touching interview with him in court this morning. She believes in his innocence. This morning he denies even that he went to the hotel with tha g.rl.

Assistant Supt. Stocking, of the Society for the Prevention of Cruelty to Children, had the girl in court and she repeated her story to Justice White.

Mr. Stocking did not like this and insisted that in the interest of justice the ease should be tried sooner.
